Section 5. Toll Tag or Pay-by-Plate Account Required.

5.1 Every motorist traveling in a BAIFA toll facility during its hours of operation is required to be in a vehicle with either (1) a properly-mounted and properly-functioning FasTrak® toll tag on board, or (2) valid vehicle license plates properly attached pursuant to Vehicle Code Section 4850.5 or 5200, and, in either case, being associated with a valid FasTrak® account having a balance sufficient to pay the applicable toll. Every motorist traveling in a BAIFA toll facility during its hours of operation is required to pay the applicable toll using that FasTrak® account.

5.2 To be “properly-mounted” means that, except as specified in Section 5.3, the FasTrak® toll tag shall be located in or on the vehicle in a location so as to be accurately read by the FasTrak® system and be visible for the purposes of enforcement at all times while the vehicle is located in the BAIFA toll facility.

5.3 A motorcyclist shall use any one of the methods specified in Vehicle Code Section 23302(a)(3) to comply with the requirement to have a properly-mounted FasTrak Flex® toll tag, as long as the FasTrak Flex® toll tag is able to be read by BAIFA’s detection equipment.

5.4 Every motorist entering a BAIFA toll facility during its hours of operation and having a FasTrak Flex® toll tag must use the toll tag to accurately declare the number of occupants in the vehicle or, if permitted under Section 7, accurately indicate toll-exempt or Discount status.

6.1 Each motorist entering a BAIFA toll facility during its hours of operation who is not entitled to an exemption from tolls under Sections 7.1(B) through (F), inclusive, or Sections 7.4 or 7.5, shall be charged the then-applicable toll. The tolls charged by BAIFA are intended to manage the demand to use BAIFA toll facilities by varying the toll amount that is charged as established from time to time by the executive director of BAIFA. The amount charged may be determined pursuant to a methodology approved by the executive director of BAIFA, but the resulting tolls shall not be less than the minimum tolls set forth in Attachment A to this ordinance; provided, however, that the executive director of BAIFA may elect to reduce the minimum toll per zone during off-peak hours if the executive director determines, in consultation with Caltrans, that such reduction is necessary to alleviate traffic congestion in the non-tolled lanes. The current tolls upon entering a BAIFA toll facility zone or segment shall be displayed on BAIFA signs. BAIFA reserves the right to adjust tolls dynamically and in real-time. As such, the toll applicable to a motorist entering a BAIFA toll facility zone or segment is the toll displayed on the last BAIFA pricing sign before such motorist enters the zone or segment. Further, the total toll charged is determined based on the zones or segments of the BAIFA toll facility in which such motorist is detected. General information about tolls for BAIFA toll facilities is available online at the BAIFA toll facility website.

7.1 The following vehicles are exempt from paying tolls imposed by this ordinance.

An exception is for class I vehicles designed by the manufacturer to be occupied by not more than two persons, including the driver; in this case, if the vehicle is occupied by two persons, the vehicle qualifies as toll-exempt, but must use a properly-mounted FasTrak Flex® toll tag switched to the '3+' setting or follow such other methods for indicating eligibility for exemption as shall be specified by BAIFA at the BAIFA toll facility website.
